

KIAGUS ARIF RAHMAN

085175376593 | Arifkiagus577@gmail.com | linkedin.com/in/Kiagusarifrahman | https://github.com/Akskuy
Tangerang Selatan, Indonesia

Undergraduate Data Science student with strong foundations in statistics, data systems, and AI problem formulation. Experienced in both individual and team-based work involving data processing, system design, and web-based solution implementation. Accustomed to building end-to-end data workflows aligned with user needs and decision-making objectives.

Work Experiences

Avalon AI Community — Institut Teknologi Sepuluh Nopember - Institut Teknologi Sepuluh Nopember <i>Head of Data Science & Artificial Intelligence (DSAI)</i> Student-led AI and technology community focusing on data-driven solutions, system development, and applied artificial intelligence projects. - Led cross-functional technical teams (Data, AI, Software, UI/UX) - Defined technical direction and quality standards for projects - Mentored members from problem formulation to solution delivery - Ensured robustness and feasibility of final outputs - Champion — COMPFEST 16 (AI Innovation Challenge) - Runner-up — ICONIC IT UI/UX Competition - Best 2nd Product (Top 2 of 600+ products) — Bangkit Program	Mar 2023 - Mar 2024
Independent Team Project - Surabaya, Indonesia <i>Department of Statistics — Institut Teknologi Sepuluh Nopember (ITS)</i> Academic department conducting applied statistical projects in collaboration with external stakeholders. - Conducted structured surveys under Department of Statistics ITS - Designed survey instruments based on company-specific requirements - Processed, cleaned, and validated raw survey data - Structured and packaged datasets into business-ready data products - Delivered finalized data outputs for external company use - Ensured data consistency and analytical usability	Mar 2024 - Jun 2024
Independent Team Project - Remote <i>Data & System Analyst (Team Project)</i> Team-based data and system development projects focused on data packaging and workflow automation. - Processed, cleaned, and structured datasets for practical use - Packaged data into business-ready information products - Built a pre-release automated clipping website - Designed workflow automation from link input to upload process	Oct 2025 - Present
SkyHolic Universe - Remote <i>Discord Administrator & Workflow Automation Developer</i> Community platform focused on crypto, trading, and market-related discussions - Built automated HR screening and scoring systems using JavaScript (.JS). - Optimized Discord workflows with anti-spam and anti-phishing systems. - Developed Discord bots for reminders, leveling, and automation. - Designed a logo representing SkyHolic Universe's identity and vision.	Jan 2026 - Apr 2026
GTmurah - Remote <i>Customer Service</i> Digital marketplace for in-game currency and virtual items in Growtopia. - Handled customer communication and transaction flow • Ensured account trust and transaction accuracy • Maintained basic records of transactions and orders	Sep 2019 - Jan 2021
TernakUang - Remote <i>Clipper / Content Editor</i> Digital content platform focusing on short-form video clipping and performance-oriented content distribution. - Performance-oriented short-form video clipping - Identified high-impact moments aligned with audience engagement	Nov 2025 - Present

- Adapted content pacing and structure for platform-specific distribution

Dessydiniyanti - Remote

Dec 2025 - Present

Video Editor

Personal brand and content production.

- Edited short-form and long-form video content
- Maintained visual structure, pacing, and typography
- Delivered content under tight deadlines

Education Level

Institut Teknologi Sepuluh Nopember - Surabaya, Indonesia

Aug 2023 - Jul 2027 (Expected)

Bachelor of Communication

- Actively participates in more than 10+ campus events, such as webinars and skills training workshops
- Business Orientation Camp Cluster Head for 6 months
- Values-In-Action (VIA) Ambassador, Executive Committee of Co- Curricular Activity (CCA) Tennis for 6 months

Organisational Experience

Forum Daerah Tangerang Raya (BENEFITS) — ITS - Surabaya/Indonesia

Sep 2023 - Sep 2024

Head / Ketua Forum Daerah

Regional student forum representing Tangerang Raya students at ITS.

- Led regional student coordination and activities
- Managed internal communication and member engagement
- Represented regional interests within institutional forums

Podcast Panjul - Tangerang Selatan/Indonesia

Jan 2023

Founder & Head of Podcast

School-based podcast initiative focusing on student discussions, education, and creative content.

- Founded and led a student podcast initiative from concept to execution
- Managed content planning, recording, editing, and publication
- Coordinated promotion and audience engagement across social media
- Received positive feedback from students, teachers, and external listeners

Skills, Achievements & Other Experience

- **Projects** (2024): Conducted structured surveys under Department of Statistics ITS and processed raw data into clean, business-ready datasets. Packaged analytical results based on company requirements and delivered finalized data outputs. Developed a pre-release automated clipping website with an end-to-end workflow from link input to upload, and built basic functional websites for registration and data collection.
- **Hard Skills:** Statistical modeling, probabilistic reasoning, multivariate analysis, database design, data schema structuring, query optimization, end-to-end data pipelines, backend fundamentals, and basic–intermediate web development.
- **Achievements:** Champion — COMPFEST 16 (AI Innovation Challenge); Runner-up — ICONIC IT UI/UX Competition; Best 2nd Product (Top 2 of 600+ products) — Bangkit Program (Google, GoTo, Traveloka).
- **Modules Taken** (2025): Independent structured learning on market dynamics, volatility analysis, and probabilistic risk management through professional modules (TradeWithSuli).
